## Key Stage 2 (7-11)

I know that I will be able to use the internet in school for a variety of reasons, if I use it responsibly. However, I understand that if I do not, I may not be allowed to use the internet at school. - I keep my personal information safe and private online
- I will keep my passwords safe and not share them with anyone
- I will not access or change other people's files or information
- I will only change the settings on the computer if a teacher/technician has allowed me to

# Staff Acceptable Use of Technology Policy

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Shipbourne School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for learners, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand Shipbourne School expectations regarding safe and responsible technology use, and can manage the potential risks posed. The AUP will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.
