

# Our Shipbourne School Goals for 2025–26

## *Nurturing Life-long Learners*

### ✦ Our Values:

Be **ambitious, kind, curious, honest, united and thankful.**

### Our Golden Rule:

Treat others how we like to be treated.

Make good choices and own our behaviour.

### 🏡 What's Going Well:

You are doing brilliantly in reading, writing and maths – much better than most schools in the country!

Behaviour is excellent – you look after each other and make Shipbourne a happy place.

You get lots of chances to try new things: clubs, trips, outdoor learning, sports, and creative projects.

### 🚀 This Year We're Aiming To:

Help teachers get even better at teaching through coaching and mentoring.

Get everyone even stronger in **writing** and **maths reasoning**.

Make sure you remember your learning across all subjects, not just for tests.

Support pupils with SEND with the right learning and extra help.

Give you more **leadership roles** – Reading Ambassadors, Peer Listeners, Eco-Leaders, Buddies.

Keep our school strong for the future by making wise decisions about money.

### 💡 What This Means for You:

More exciting lessons and fun challenges.

Extra help if you need it.

More chances to lead, share your ideas, and make Shipbourne even better.

A school where you feel proud, happy, and ready for your future.
